

Learning French at Lille 1

2016-2017 French as a Foreign Language

The University diploma in French studies (DU FLE)

Profile

This is a program for students for whom French is a foreign language and who want to improve their French proficiency.

Presentation

DU FLE is a French programme based on innovative teaching methods like organizing the groups according to French proficiency, thematic courses, learning through projects, French on University objectives, and the use of social networks.

Objectives

Acquiring the linguistic bases in French to be able to integrate the academic courses at the university of Lille1:

- Obtaining the level B2 to join an education in hard sciences
- Obtaining the level C1 to join an education in human and social sciences

Intercultural approach

The DU FLE courses are not limited to just theory. A whole range of activities allows the students to explore new destinations and get to know new people. These experiences help them to integrate in their new environment.

Organisation of the courses

The students are put into groups of the same language level
